## LICENSING AND RENEWAL FEES FOR APPLICATORS

TO: ALL LICENSED APPLICATORS

Recently, the Structural Pest Control Board (Board) amended section 1950 - Continuing Education Requirements of Title 16 of the California Code of Regulations, requiring licensed applicators to gain continuing education hours during the three-year renewal period ending December 31, 2008, and each subsequent renewal period. In addition to this new requirement, the Board has also amended section 1948 – Fees, of Title 16 of the California Code of Regulations to establish an Applicator license and renewal fee.

As amended, section 1948 establishes the following fees:

Applicator's license...\$10

Renewal applicator's license...\$10

**Therefore, beginning January 1, 2007**, Applicators will be charged a license or renewal fee of \$10, as applicable. The Applicator's examination fee remains unchanged at \$15.

In accordance with section 8675 of the Business and Professions Code, a \$5 delinquent fee will be assessed if the license is not renewed prior to its expiration.

**In regards to the continuing education requirements**, as indicated above, for the renewal period **ending December 31, 2008**, and each subsequent renewal period, a licensed applicator shall be required to demonstrate completion of 12 hours of Board approved continuing education. Such continuing education shall consist of eight hours of continuing education covering pesticide application and use, and four hours covering the Structural Pest Control Act and its rules and regulations or structural pest related agencies' rules and regulations.

If you have any questions regarding this regulation, please contact the Board at (916) 561-8700.
